

Product Developer Kazakhstan

Full-time, permanent position, Kazakhstan

Context

Sakata Vegetables Europe is a subsidiary of Sakata Seed Corporation (Japan) and is responsible for the development and expansion of the activities across the EMEA area. With our wide array of vegetable seeds, we want to create a confidence-based relationship with our customers, working to our age-old motto of Quality, Reliability and Service.

As further development of Sakata Vegetables Europe in Central Asian region this position will enable company further to develop added value varieties and sales in the area, particularly in Kazakhstan.

Missions

Your objective as Product Developer Kazakhstan is to organize, follow up and report about the trial program defined each year by Marketing, Sales, and Research departments. You will:

- Organize and set up practically trial program for pre-commercial and commercial varieties defined by Marketing, Sales departments and in some specific cases by Research Department.
- Provide detailed reporting about varieties for Product managers, breeders, and local sales' teams after finalizing trials.
- Provide most accurate technical advises to customers (growers, dealers, distributors...) about varieties in terms of crop management, diseases' resistance, bolting resistance, heat & cold tolerance...etc.
- Keep on reporting about new competitors' varieties performances and local trends,
- Monitor personal OPEX budget defined with management beginning of fiscal year,

You will work in open field and greenhouses under random weather conditions.

The position require minimum 50% of time travelling, locally, within Central Asia region, or at head office in Uzbekistan. Occasional travels within EU-countries for specific meetings, demo fields or exhibitions.

Profile

You passed a bachelor's degree in Agricultural, Agronomy, Horticulture, or similar field. Experience in agricultural sector especially in seed sector is plus, especially in crop management, and growers' needs or constraints.

You will work in a multi-cultural environment, it is good to know Kazakh, Russian and English. It is also important to know the Pack Office and proceed to data and statistical analysis.

To succeed in this position, you will need good skills of anticipation, reliability and sense of service.

Application

This position is available from Monday, July 1st, 2024, and is home-office based, in Kazakhstan. If this matches your project, please send us your application (Resume and Cover letter), before Friday, June 28th2024, by email at the following address: recruitment.veg@sakata.eu

Thank you for your interest.
